Fitchburg Gas and Electric Light Company  
Docket Nos. D.T.E. 02-24/25  
Responses to the Division of Energy Resources First Set of Information Requests

---

**Request No. DOER 1-35 (Electric):**

Please refer to Schedule KMA-3 (Electric). This schedule indicates that the Preliminary customer charges are greater than the Proposed customer charges for all of the Company's customer classes. For the last three Company rate cases, please submit the Company's Preliminary and Proposed customer charges, as well as the Actual customer charges allowed by the Department, for each customer class.

**Response:**

Provided in Attachment DOER 1-35 (Electric) is a table of preliminary, proposed and approved customer charges. The table includes the results from FG&E's Rate Design Case in 1990 (D.P.U. 90-122) and FG&E's prior rate case (D.P.U. 84-145). FG&E's last rate case prior to D.P.U. 84-145 was D.P.U. 1270/1414. FG&E has no records available pertaining to D.P.U. 1270/1414.

In the Department's Investigation of FG&E's Electric Distribution Rates (D.T.E. 99-118), FG&E was directed to allocate the revenue decrease to its rate classes by means of an equal percentage decrease to its distribution base rates. Since this proceeding culminated in an across-the-board rate change and did not include an analysis of the design of rates, FG&E has not included information from this proceeding in this response.
